PROFILE

I am a student passionate about Web Development. I have built personal projects to practice my skills, developing basic features for both Frontend and Backend. I am also proficient in using Git to manage source code. Currently, I am seeking an internship to apply my knowledge and solve real-world problems.

SKILLS

- Languages: JavaScript, TypeScript, PHP, Java.
- Frameworks/Libraries: React, Node.js, Express.
- Databases: MySQL.
- Tools: Git, GitHub,
- Concepts: REST API, MVC Architecture

EDUCATION

HUTECH University of Technology

Major: Information Technology / Software Engineering.
